

Home learning for Room 6 – Week 3 Term 2

Until 12th June our class has free access to an online literacy event: **The Reading Eggspedition**. It is a programme provided by Reading Eggs and it's completely free. The students complete reading, spelling and literacy activities on their individual learning pathway.

Please find the login information here:

Knowledge-A-Thon

Please help your child to study and learn the answers to the questions that was sent home on Monday.

If you have mislaid the information sheet and sponsorship form please let me know as we have spare copies.

Maths

Please work on your skills in Mathletics. Your password should be glued into this book.

This week I got _____ points on Mathletics!

Literacy focuses:

We are learning how to recognise and understand homonyms in our reading.

Hi everyone!

- Many thanks for the plastic bottles and earbuds/headphones that have come to school.
- It is Bullying-Free week. **Pink** is the colour to wear on Friday with a gold coin donation. For details, please refer to the letter sent home last week.

Thank you!

From Miss Swinton

This week's learning will include:

- Chemical change; 3 states of Matter, Fizzing and Foaming (Inquiry topic)
- Homonyms
- Procedural writing – making a list of instructions.
